AS-970C presented with optional conveyor stacker (CS870)

Full process colour with innovative technology

Quick and easy to use, this printer has full colour print capability for excellent presentation and personalisation.

Productivity

- Overprint up to 7,500 envelopes per hour - no need to apply labels
- Easy to install with 'Plug'n'Play' software
- PC controlled with clear, concise prompts
- Optional conveyor stacker or additional drop tray for larger mail runs
- Reduced set up time to print

Cost savings

- Print full colour on demand - no need to hold stocks of overprinted envelopes or labels
- Correctly formatted addresses help qualify for Royal Mail volume discounts (Business Mail 1 and 2)

Process management

- Manage direct marketing and customer communications in-house
- Protect your customer information by keeping in-house
- Duplicate and inaccurate addressing detection reduces wasted mailings
- Integrates easily with other Neopost mailing solutions for an efficient mailing process

Effective communications

- Personalised mailings improve deliverability and are more likely to be opened
- Memjet technology gives a highly professional image and can print marketing messages on envelopes, even in full colour
- Versatile address, graphics and barcode printing for quick changes to messages or layout
